Material Incorrect Information in Public Domain

Epalinges, Switzerland, July 26, 2018 – Mymetics Corporation (OTCQB:MYMX), a pioneer and leader in the research and development of virosome-based vaccines against life threatening and life disabling human diseases has learned that there is inaccurate information in the public domain.

Mymetics has learned that Mr. Christian Rochet made a public announcement at a biotech forum in Shanghai, China that was held from May 23 to 25, 2018, stating that a company named Hope Mucosal Vaccines SA (Switzerland) was working under a worldwide exclusive license agreement from Mymetics to undertake Phase II clinical trials for virosome-based mucosal vaccines. Mr. Rochet was announced as the CEO of Hope Mucosal Vaccines SA.

Mymetics wants to clarify that it has not signed a worldwide exclusive license agreement with Hope Mucosal Vaccines SA nor, for that matter, with any other company for the clinical development of virosome-based mucosal vaccines.

Forward looking statements

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements, which are identified by the words "believe," "expect," "anticipate," "intend," "plan" and similar expressions. The statements contained herein which are not based on historical facts are forward-looking statements that involve known and unknown risks and uncertainties that could significantly affect our actual results, performance or achievements in the future and, accordingly, such actual results, performance or achievements may materially differ from those expressed or implied in any forward-looking statements made by or on our behalf. These risks and uncertainties include, but are not limited to, risks associated with our ability to successfully develop and protect our intellectual property, our ability to raise additional capital to fund future operations and compliance with applicable laws and changes in such laws and the administration of such laws. See Mymetics' most recent Form 10-K for a discussion of such risks, uncertainties and other factors. Readers are cautioned not to place undue reliance on these forward- looking statements which speak only as of the date the statements were made.
